## Introduction

### Pattern Shop and Foundry Supplies and Products

Kindt-Collins Pattern Shop and Foundry Supplies and Products are carefully chosen by our purchasing staff and pattern shop engineers and represent the finest products available to assist pattern makers in the production of quality patterns, prototypes and models. All of our products are made of quality materials and are tested to assure reliable performance.

Many of the products are of our own manufacture. Others are carefully selected from the best manufacturers in America and thoroughly tested in our own facility that meets the highest world standards and has ISO-9001 registration by the International Quality Systems Registrars.

Our outstanding selection makes Kindt-Collins your best single source for pattern shop and foundry supplies. For your convenience in locating products, we have supplied a complete index in the front of each section of our catalog. If you

need assistance in solving any pattern making problem, or cannot locate a product that meets your needs, call us on our toll free line at 1-800-321-3170 (Canada and the USA). One of our experienced pattern engineers will assist you without obligation. Kindt-Collins maintains a staff of experienced pattern making engineers as part of their service to help you. We also have strategically located warehouses in the United States and Canada to serve your needs. This is all part of the value-added services and why you receive the best products and service in the industry from Kindt-Collins.

In addition to the products found in this catalog, we also handle many other products that could not be included due to space limitations. If you cannot find a product that meets your needs, call us. We will either handle it or can quickly get it for you.

*Note: The specifications and descriptions of supplies and equipment produced by manufacturers other than Kindt-Collins are those of the manufacturer. The specifications and descriptions of the products manufactured by The Kindt-Collins Company are not intended to constitute an express warranty or an implied warranty of merchantability or fitness for a particular purpose. The products are sold only with such warranty, if any, and subject to such limitation of remedies, as are set forth in the company's terms and conditions of sale, a copy of which is available upon request.*

# How to Find the Product You Need

To make it easy for you to use this catalog, it is divided into four sections with all products cataloged in a complete master index to facilitate the selection of the products you need. If you cannot find the products you require, call our toll free number 1-800-321-3170

(Canada and the USA) and one of our customer service representatives will help you. We also handle hundreds of products that space does not allow us to catalog.

## Master Index – All Products

A fully searchable guide to all product in the catalog.

## Pattern Making Plastics – Page 4

This section contains the world's finest plastics and accessories for making patterns, molds and prototypes. In addition to our own line of Master and Dynacast plastics, you will find plastics, resins, polyurethane elastomers, release agents and molding compounds from such well known names as Ad-Tech, H.B. Fuller, Hapco, Tuffalloy and Ultralloy for whom we

are authorized distributors. This section also includes all necessary accessory equipment to produce quality plastic parts including such items as fillers and fillites, solvents, Bild-Up metal and balance scales...even mixing aids like buckets, cups, dispensing guns, gloves and tooling boards.

## Pattern Shop and Foundry Supplies – Page 30

In this 80 page section are cataloged hundreds of products to help you do your job better and faster. Included in this section are items used every day by pattern makers and foundry personnel. You will find abrasives of all kinds, adhesives, cope and drag plates, core vents, dowels and lumber, fasteners, fiberglass

products, mixers, molding machine plates, release agents, pattern letters and numbers, trademarks, plus all kinds of wax products. If you cannot find the product you are looking for call our toll free number 1-800 321-3170.

## Pattern Shop Tools – Page 112

This section contains all the tools necessary to help you make quality patterns...vises and clamps, hundreds of bits and cutters, gouges and knives, riddles, tapewriters and tapes. In addition you will find quality products that we represent such as Challenge Plates and Parallels, Forstner Bits, McEnglewan

Furnaces, Starrett Tools, Wilton Vises, Roovers and many others. You'll find even hard-to-locate products like calipers, protractors, micrometers, gage holders and standards, jaw inserts for vises, layout dye and paste. Even such items as patternmakers' aprons, paste and water bulbs and patternmakers' books.

## Pattern Making Machinery – Page 140

Looking for a drill press, grinder, jointer, planer, sander, saw or surfacer? You'll find the most efficient, finest engineered, user friendly equipment in this section. We handle a wide variety of such famous names as Delta, Max, Northfield, State and Tannewitz...all designed to make your job easier and produce your patterns faster.

In addition, we have all types of accessories items to fulfill your every need...band saw blades and guides, circular saw blades, dust collectors, rubber bands and cement, and air control valves. And remember, if you can't find the product you need here, call one of our pattern making equipment experts. The call is free. Just dial 1-800-321-3170.

## Postage Paid Cards for Ordering Additional Information – Inside Back Cover

At the back of our catalog you will find three postage paid cards designed to assist you. The first card is for your use in requesting copies of this catalog for others who may want one. The second card is for ordering products displayed in this catalog (or requesting

information on a product not found in our catalog). The last card is for evaluating our service (we want to have your comments, good or bad, so that we can improve our service). We hope you will use these postage paid cards so that we may serve you better.

## Pattern Making Plastics

Pattern Making Plastics

The Kindt-Collins Company supplies hundreds of high performance plastics for making patterns, prototypes and models. The principal types that we carry are shown here. These fast setting resins possess excellent physical properties including accurate duplication of intricate details, low shrink, abrasion resistance and machinability. In addition to the plastics shown here, we can supply many other types, respected brands, and related products like fillers, pastes and plastic working tools. For assistance call toll free 1-800-321-3170 and ask for customer service.
